(541) 754-3010
1515 Pacific Ave, Los Angeles, CA
90291, United States

Place of birth
San Antonio

Driving license
Full

Nationality
American

Profile

Innovation inspired Civil Engineer with five years of experience in creating green environmental solutions for new residential building projects. Number conscientious and driven by a desire to improve quality, cost, and time metrics across all projects under management. Completed a Bachelor of Science in Geotechnical Engineering and currently in the process of completing the Professional Engineering (PE) exam.

Employment History

Civil Engineer III at Industrial Construction Projects, Walnut Creek

01/2024–Present

Replaced Excel scheduling with Snap Schedule which generated a 30% uptick in work output and decreased third-party labor costs by 25% during the last six months .

- Focus on designing solutions for monitoring water usage for rehabilitation projects conducted by mines in the area
- Responsible for surge analysis and mitigation designs
- Conduct required validation studies by building models to perform calibration and comparison activities simultaneously
- Create master plans for all stormwater infrastructure upgrades by collating draft plans from the junior engineers of the various project sites
- Design environmental efficient (green) water and sewer mains for six new gated estates

Civil Engineer II at Orion Excavation, Seneca

01/2021–12/2023

Project lead on excavation consulting projects of between 400 million and 900 million for large scale water and sanitation projects.

- Assisting construction manager on mainly sewage rehabilitation and bridge widening projects over 50 million dollars
- Responsible for initial valuations of 10 project sites per month with accompanied damage survey reporting
- Evaluate flow impairment to waterways in the new metropolitan area and conduct risk reporting and projected damage control expenditure in case of extensive flooding or hurricanes
- Produce draft cost estimation reports for each site area using detailed location maps using ArcGIS
- Act as a community liaison to inform public and municipal agencies of upcoming projects that may affect access to roads in the area

Earth Structures
Physics
Geotechnical Engineering

Courses

AutoCAD Level II at CAD Masters Inc.,
Walnut Creek
06/2018–08/2018

Advanced Civil 3D and Reality Capture at
CAD Masters Inc., Sacramento
05/2016–07/2016

Languages

English Native speaker
Russian Highly proficient

Civil Engineer I at Smith & Robertson Commercial Building Projects, Indian Trail

01/2018–12/2020

Consulting Engineer on more than 400 complex building projects including sports stadiums, apartment complexes, industrial buildings, and luxury hotels.

- Upgrade annual, quarterly and monthly project schedules on Suretrak and distribute to Project Manager
- Write memos and appraise monthly expenditure bill before submitting to a government office for approval
- Assist with feasibility studies and draft schematic planning of excavation sites
- Assist with civil design work for commercial infrastructure projects
- Check calculations of structural design for concrete material requirements relating to beams, columns, and foundations
- Coordinate construction activities between Senior Civil Engineers and Site Managers

Education

Professional Engineering (PE) Exam, National Council of Examiners for Engineering and Surveying (NCEES), Seneca

06/2022–Present

Masters of Science in Civil Engineering, Georgia Institute of Technology, Atlanta

07/2018–11/2020

Achieved Summa Cum Laude

Majors: Geotechnical Engineering, Soil Composition, Geology

Bachelor of Science in Civil Engineering, California State University, Los Angeles

01/2015–06/2019

GPA of 3.75

Curriculum: Construction Planning, Engineering of Earth Structures, Advanced Construction Methods, and Techniques

Overall Top performer in Construction Planning
